These specification details do not apply to any particular product which is supplied or offered for sale. Manufacturers reserve the right to vary their specifications, including colours, with or without notice and at such times in such manner as they think fit. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. This publication shall not constitute in any circumstances whatsoever an offer by the Company to any person. All sales are made by the Distributor or Dealer concerned subject to and with the benefit of the standard Conditions of Sale and Warranty given by the Distributor or Dealer, copies of which may be obtained from them on request. This publicity material applies to the UK only Trade Descriptions Act (1968). Whilst efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specification details with the supplying Dealer especially if your model selection is dependent upon one of the features advertised.

SINGLE OPTIONS

RUNNING BOARDS

Two types of smoothly integrated running boards are available which customers can choose to add design and functionality to the vehicle. Both the asymmetrical 'stylish' and the symmetrical 'full' running boards add a sleek finish to the CR-V as well as making it easier to get into and out of the car.

TRAILER HITCHES

FIXED, DETACHABLE AND RETRACTABLE

You can also select a trailer hitch to enable them to tow their caravan or trailer with a maximum towing capacity of 2000kg depending on the vehicle engine and transmission type. With a maximum vertical load of 100kg, the trailer hitch is available in three types: fixed, detachable and retractable.

TABLET HOLDER

To keep your passengers entertained, you can now also add our tablet holder. The holder's different positions offer you a comfortable space to watch a movie, read your e-mails or play games. The pleasure never ends because the tablet can be charged through the 12V socket if required.

Honda  SOUND

HONDA 3D SOUND

We all want our car sound systems to reproduce faithfully the music of our chosen artists. By adding a compact DSP (digital signal processing) unit to the existing sound system in your Honda, you can enhance your listening experience to a concert hall feeling.

CROSS BARS AND ROOF ATTACHMENTS

If you wish to maximise your CR-V's carrying capacity you may be interested in the strong, secure cross bars. A choice of roof attachments allows customers to carry everything from skis and snowboards to bicycles and extra luggage, creating more space and comfort for passengers within the car. The cross bars can carry loads of up to 75kg.
